## Eligibility

---

All students enrolled in a degree and certain approved certificate seeking programs taking 5 or more credit hours are enrolled in this High Option plan (2014-202512-1) on a mandatory hard waiver basis unless they choose to enroll in the Low Option plan (2014-202512-2).

All students enrolled in a degree and certain approved certificate seeking programs taking less than 5 credit hours are eligible to enroll in this insurance Plan.

Students must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study and correspondence courses do not fulfill the Eligibility requirements that the student actively attend classes. The Company maintains its right to investigate Eligibility or student status and attendance records to verify that the policy Eligibility requirements have been met. If the Company discovers the Eligibility requirements have not been met, its only obligation is to refund premium.

Students on an approved Medical Leave of Absence are eligible to enroll on a voluntary basis for continued coverage under this Plan for a maximum of 12 months of coverage, provided they were enrolled in this Plan prior to the approved Medical Leave.

## Effective and Termination Dates

---

The Master Policy becomes effective at 12:01 a.m., August 1, 2014. The individual student's coverage becomes effective on the first day of the period for which premium is paid or the date the enrollment form and full premium are received by the Company (or its authorized representative), whichever is later. The Master Policy terminates at 11:59 p.m., August 31, 2015. Coverage terminates on that date or at the end of the period through which premium is paid, whichever is earlier.

Refunds of premiums are allowed only upon entry into the armed forces.

The Policy is a Non-Renewable One Year Term Policy.

## Waiver and Enrollment Policy

---

All students taking 5 or more credit hours will automatically be enrolled in Plan A (High Option 2014-202512-1) on a hard waiver basis unless they choose to enroll in Plan B (Low Option 2014-202512-2), or waive coverage by providing proof of comparable coverage. To waive coverage, a selection/waiver enrollment form must be completed and returned within the prescribed enrollment/waiver period. Students taking less than 5 credit hours must fill out a selection/waiver enrollment form and return it to the Student Insurance Office by the enrollment/waiver deadline date. A specified period of time will be allowed for enrolling in the Plan or waiving coverage.

The enrollment/waiver deadline for the Annual/Fall semester is August 20, 2014. Open enrollment for Spring/Summer and Summer only applies to new students or previously ineligible students. All continuing students must provide documentation of being involuntarily dropped from other group coverage for enrollment in Spring/Summer or Summer semesters. The enrollment/waiver deadline for new Spring semester students is January 19, 2015 and for new Summer students the enrollment/waiver deadline is June 8, 2015. **Insurance plans that are not required to meet State and Federal benefit mandates are not considered comparable and consequently will not be considered proof of comparable coverage.**

Students are **AUTOMATICALLY** billed for the Student Health Insurance on their tuition bill. For those students who have outside coverage, it is their responsibility to complete a “waiver form” by the waiver deadline in order to have the insurance charge removed from their tuition bill. Waiver forms will not be accepted after the enrollment/waiver deadline.

Waiver/enrollment forms are located online at [www.ucdenver.edu/amcstudentinsurance](http://www.ucdenver.edu/amcstudentinsurance). Waiver forms can also be obtained at the Student Insurance Office located in Education Facility II North, Room #3213. **Health insurance waiver/enrollment forms are only valid for one academic year.**

Continuing students are required to complete a new waiver/enrollment form **ANNUALLY** prior to each Fall semester. Students with a break in their academic enrollment are required to complete a new waiver form when they re-enroll and every Fall semester thereafter.

**PART I  
ELIGIBILITY AND TERMINATION PROVISIONS**

**Eligibility:** Each person who belongs to one of the "Classes of Persons To Be Insured" as set forth in the application is eligible to be insured under this policy. The Named Insured must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study and correspondence courses do not fulfill the eligibility requirements that the Named Insured actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the policy eligibility requirements have been met. If and whenever the Company discovers that the policy eligibility requirements have not been met, its only obligation is refund of premium.

Eligible persons may be insured under this policy subject to the following:

- 1) Payment of premium as set forth on the policy application; and,
- 2) Application to the Company for such coverage.

**Effective Date:** Insurance under this policy shall become effective on the later of the following dates:

- 1) The Effective Date of the policy; or
- 2) The date premium is received by the Administrator.

**Termination Date:** The coverage provided with respect to the Named Insured shall terminate on the earliest of the following dates:

- 1) The last day of the period through which the premium is paid; or
- 2) The date the policy terminates.

**PART II  
GENERAL PROVISIONS**

**ENTIRE CONTRACT CHANGES:** This policy, including the endorsements and attached papers, if any, and the application of the Policyholder shall constitute the entire contract between the parties. No agent has authority to change this policy or to waive any of its provisions. No change in the policy shall be valid until approved by an executive officer of the Company and unless such approval be endorsed hereon or attached hereto. Such an endorsement or attachment shall be effective without the consent of the Insured Person but shall be without prejudice to any claim arising prior to its Effective Date.

**PAYMENT OF PREMIUM:** All premiums are payable in advance for each policy term in accordance with the Company's premium rates. The full premium must be paid even if the premium is received after the policy Effective Date. There is no pro-rata or reduced premium payment for late enrollees. Coverage under the policy may not be cancelled and no refunds will be provided unless the Insured enters the armed forces. A pro-rata premium will be refunded upon request when the insured enters the armed forces.

Premium adjustments involving return of unearned premiums to the Policyholder will be limited to a period of 12 months immediately preceding the date of receipt by the Company of evidence that adjustments should be made. Premiums are payable to the Company, P.O. Box 809026, Dallas, Texas 75380-9026.

**NOTICE OF CLAIM:** Written notice of claim must be given to the Company within 90 days after the occurrence or commencement of any loss covered by this policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the Named Insured to the Company, P.O. Box 809025, Dallas, Texas 75380-9025 with information sufficient to identify the Named Insured shall be deemed notice to the Company.

**CLAIM FORMS:** Claim forms are not required.

**PROOF OF LOSS:** Written proof of loss must be furnished to the Company at its said office within 90 days after the date of such loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to furnish proof. In no event except in the absence of legal capacity shall written proofs of loss be furnished later than one year from the time proof is otherwise required.

**TIME OF PAYMENT OF CLAIM:** Indemnities payable under this policy for any loss will be paid upon receipt of due written proof of such loss.

**PAYMENT OF CLAIMS:** All or a portion of any indemnities provided by this policy may, at the Company's option, and unless the Named Insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the Hospital or person rendering such service. Otherwise, accrued indemnities will be paid to the Named Insured or the estate of the Named Insured. Any payment so made shall discharge the Company's obligation to the extent of the amount of benefits so paid.

**PHYSICAL EXAMINATION:** As a part of Proof of Loss, the Company at its own expense shall have the right and opportunity: 1) to examine the person of any Insured Person when and as often as it may reasonably require during the pendency of a claim; and, 2) to have an autopsy made in case of death where it is not forbidden by law. The Company has the right to secure a second opinion regarding treatment or hospitalization. Failure of an Insured to present himself or herself for examination by a Physician when requested shall authorize the Company to: (1) withhold any payment of Covered Medical Expenses until such examination is performed and Physician's report received; and (2) deduct from any amounts otherwise payable hereunder any amount for which the Company has become obligated to pay to a Physician retained by the Company to make an examination for which the Insured failed to appear. Said deduction shall be made with the same force and effect as a Deductible herein defined.

**LEGAL ACTIONS:** No action at law or in equity shall be brought to recover on this policy prior to the expiration of 60 days after written proofs of loss have been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of 3 years after the time written proofs of loss are required to be furnished.

**SUBROGATION:** The Company shall be subrogated to all rights of recovery which any Insured Person has against any person, firm or corporation to the extent of payments for benefits made by the Company to or for benefit of an Insured Person. The Insured shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights to the Company.

**RIGHT OF RECOVERY:** Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and Coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear.

**MORE THAN ONE POLICY:** Insurance effective at any one time on the Insured Person under a like policy, or policies in this Company is limited to the one such policy elected by the Insured Person, his beneficiary or his estate, as the case may be, and the Company will return all premiums paid for all other such policies.

**PART III  
REPLACEMENT COVERAGE PROVISION**

1. If this policy replaces coverage of a prior carrier's policy within 31 days of the termination of the prior policy, this policy shall immediately cover all Insured Persons validly covered under the previous policy at the date of discontinuance who are within the definitions of Eligibility and who would otherwise be eligible for coverage under this policy.
2. With respect to an Insured Person who is Hospital Confined on the date of discontinuance of the prior carrier's policy and required to be covered under Section 1 of this provision, the Company shall be entitled to deduct from such benefits becoming payable under its policy the amount of benefits payable by the prior carrier pursuant to an extension of benefits provision.
3. An Insured Person entitled to coverage under a succeeding carrier's policy pursuant to Section 2 of this provision shall be covered by the Company until the earlier of the following:
  - (a) The date the person becomes eligible to be covered under Section 1 of this provision; or
  - (b) The date the person's coverage would terminate under the provisions of this policy.
4. Each person previously covered by the prior carrier's policy which included Deductibles or benefit waiting periods shall be given credit for the satisfaction or partial satisfaction of the same or similar provisions under this policy where it provides similar benefits. Deductible credit will be given for expenses actually incurred and applied against the Deductible provisions of the prior carrier's policy during the 90 days preceding the Effective Date of this policy but only to the extent that such expenses are covered under this policy and are subject to a similar Deductible provision.
5. In a situation where a determination of the prior carrier's benefit is required by the Company, the prior carrier shall furnish a statement of benefits available or pertinent information sufficient to permit verification of the benefit determination by the Company.

**PART IV  
DEFINITIONS**

**COINSURANCE** means the percentage of Covered Medical Expenses that the Company pays.

**COMPLICATION OF PREGNANCY** means a condition: 1) caused by pregnancy; 2) requiring medical treatment prior to, or subsequent to termination of pregnancy; 3) the diagnosis of which is distinct from pregnancy; and 4) which constitutes a classifiably distinct complication of pregnancy. A condition simply associated with the management of a difficult pregnancy is not considered a complication of pregnancy.

**CONGENITAL CONDITION** means a medical condition or physical anomaly arising from a defect existing at birth.

**COPAY/COPAYMENT** means a specified dollar amount that the Insured is required to pay for certain Covered Medical Expenses.

**COVERED MEDICAL EXPENSES** means reasonable charges which are: 1) not in excess of Usual and Customary Charges; 2) not in excess of the Preferred Allowance when the policy includes Preferred Provider benefits and the charges are received from a Preferred Provider; 3) not in excess of the maximum benefit amount payable per service as specified in the Schedule of Benefits; 4) made for services and supplies not excluded under the policy; 5) made for services and supplies which are a Medical Necessity; 6) made for services included in the Schedule of Benefits; and 7) in excess of the amount stated as a Deductible, if any.

Covered Medical Expenses will be deemed "incurred" only: 1) when the covered services are provided; and 2) when a charge is made to the Insured Person for such services.

**CUSTODIAL CARE** means services that are any of the following:

- 1) Non-health related services, such as assistance in activities.
- 2) Health-related services that are provided for the primary purpose of meeting the personal needs of the patient or maintaining a level of function (even if the specific services are considered to be skilled services), as opposed to improving that function to an extent that might allow for a more independent existence.
- 3) Services that do not require continued administration by trained medical personnel in order to be delivered safely and effectively.

**DEDUCTIBLE** means if an amount is stated in the Schedule of Benefits or any endorsement to this policy as a deductible, it shall mean an amount to be subtracted from the amount or amounts otherwise payable as Covered Medical Expenses before payment of any benefit is made. The deductible will apply as specified in the Schedule of Benefits.

**ELECTIVE SURGERY OR ELECTIVE TREATMENT** means those health care services or supplies that do not meet the health care need for a Sickness or Injury. Elective surgery or elective treatment includes any service, treatment or supplies that: 1) are deemed by the Company to be research or experimental; or 2) are not recognized and generally accepted medical practices in the United States.

**EMERGENCY SERVICES** means, with respect to a Medical Emergency:

- 1) A medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate such emergency medical condition; and
- 2) Such further medical examination and treatment to stabilize the patient to the extent they are within the capabilities of the staff and facilities available at the Hospital.

**HABILITATIVE SERVICES** means outpatient occupational therapy, physical therapy and speech therapy prescribed by the Insured Person's treating Physician pursuant to a treatment plan to develop a function not currently present as a result of a congenital, genetic, or early acquired disorder.

Habilitative services do not include services that are solely educational in nature or otherwise paid under state or federal law for purely educational services. Custodial Care, respite care, day care, therapeutic recreation, vocational training and residential treatment are not habilitative services.

A service that does not help the Insured person to meet functional goals in a treatment plan within a prescribed time frame is not a habilitative service. When the Insured Person reaches his/her maximum level of improvement or does not demonstrate continued progress under a treatment plan, a service that was previously habilitative is no longer habilitative.

**HOSPITAL** means a health institution planned, organized, operated, and maintained to offer facilities, beds, and services over a continuous period exceeding twenty four (24) hours to individuals requiring diagnosis and treatment for illness, Injury, deformity, abnormality, or pregnancy. Clinical laboratory, diagnostic X-ray, and definitive medical treatment under an organized medical staff shall be provided within the institution. Treatment facilities for emergency and surgical services shall be provided either within the institution or by contractual agreement for those services with another licensed Hospital. Services provided by contractual agreement shall be documented by a well-defined plan for the provision of contracted services, related to community needs. Definitive medical treatment may include obstetrics, pediatrics, psychiatry, physical medicine and rehabilitation, X-ray therapy, and similar specialized treatment.

**HOSPITAL CONFINED/HOSPITAL CONFINEMENT** means confinement as an Inpatient in a Hospital by reason of an Injury or Sickness for which benefits are payable.

**INJURY** means bodily injury which is all of the following:

- 1) directly and independently caused by specific accidental contact with another body or object.
- 2) unrelated to any pathological, functional, or structural disorder.
- 3) a source of loss.
- 4) treated by a Physician within 30 days after the date of accident.
- 5) sustained while the Insured Person is covered under this policy.

All injuries sustained in one accident, including all related conditions and recurrent symptoms of these injuries will be considered one injury. Injury does not include loss which results wholly or in part, directly or indirectly, from disease or other bodily infirmity. Covered Medical Expenses incurred as a result of an injury that occurred prior to this policy's Effective Date will be considered a Sickness under this policy.

**INPATIENT** means an uninterrupted confinement that follows formal admission to a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility by reason of an Injury or Sickness for which benefits are payable under this policy.

**INPATIENT REHABILITATION FACILITY** means a long term acute inpatient rehabilitation center, a Hospital (or special unit of a Hospital designated as an inpatient rehabilitation facility) that provides rehabilitation health services on an Inpatient basis as authorized by law.

**INSURED PERSON** means the Named Insured. The term "Insured" also means Insured Person.

**INTENSIVE CARE** means: 1) a specifically designated facility of the Hospital that provides the highest level of medical care; and 2) which is restricted to those patients who are critically ill or injured. Such facility must be separate and apart from the surgical recovery room and from rooms, beds and wards customarily used for patient confinement. They must be: 1) permanently equipped with special life-saving equipment for the care of the critically ill or injured; and 2) under constant and continuous observation by nursing staff assigned on a full-time basis, exclusively to the intensive care unit. Intensive care does not mean any of these step-down units:

- 1) Progressive care.
- 2) Sub-acute intensive care.
- 3) Intermediate care units.
- 4) Private monitored rooms.
- 5) Observation units.
- 6) Other facilities which do not meet the standards for intensive care.

**MEDICAL EMERGENCY** means the occurrence of a sudden, serious and unexpected Sickness or Injury. In the absence of immediate medical attention, a reasonable person could believe this condition would result in any of the following:

- 1) Death.
- 2) Placement of the Insured's health in jeopardy.
- 3) Serious impairment of bodily functions.
- 4) Serious dysfunction of any body organ or part.
- 5) In the case of a pregnant woman, serious jeopardy to the health of the fetus.

Expenses incurred for "Medical Emergency" will be paid only for Sickness or Injury which fulfills the above conditions. These expenses will not be paid for minor Injuries or minor Sicknesses.

**MEDICAL NECESSITY/MEDICALLY NECESSARY** means those services or supplies provided or prescribed by a Hospital or Physician which are all of the following:

- 1) Essential for the symptoms and diagnosis or treatment of the Sickness or Injury.
- 2) Provided for the diagnosis, or the direct care and treatment of the Sickness or Injury.
- 3) In accordance with the standards of good medical practice.
- 4) Not primarily for the convenience of the Insured, or the Insured's Physician.
- 5) The most appropriate supply or level of service which can safely be provided to the Insured.

The Medical Necessity of being confined as an Inpatient means that both:

- 1) The Insured requires acute care as a bed patient.
- 2) The Insured cannot receive safe and adequate care as an outpatient.

This policy only provides payment for services, procedures and supplies which are a Medical Necessity. No benefits will be paid for expenses which are determined not to be a Medical Necessity, including any or all days of Inpatient confinement.

**MENTAL ILLNESS** means a Sickness that is a mental, emotional or behavioral disorder listed in the mental health or psychiatric diagnostic categories in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. Mental Illness does not mean a Biologically Based Mental Illness or a Mental Disorder as defined in the Benefits for Biologically Based Mental Illness. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all mental health or psychiatric diagnoses are considered one Sickness.

**NAMED INSURED** means an eligible, registered student of the Policyholder, if: 1) the student is properly enrolled in the program; and 2) the appropriate premium for coverage has been paid.

**NEWBORN INFANT** means any child born of an Insured while that person is insured under this policy. Newborn Infants will be covered under the policy for the first 31 days after birth. Coverage for such a child will be for Injury or Sickness, including medically diagnosed congenital defects, birth abnormalities, prematurity and nursery care; benefits will be the same as for the Insured Person who is the child's parent.

**OUT-OF-POCKET MAXIMUM** means the amount of Covered Medical Expenses that must be paid by the Insured Person before Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year. Refer to the Schedule of Benefits for details on how the Out-of-Pocket Maximum applies.

**PHYSICIAN** means a legally qualified licensed practitioner of the healing arts who provides care within the scope of his/her license, other than a member of the person's immediate family.

The term "member of the immediate family" means any person related to an Insured Person within the third degree by the laws of consanguinity or affinity.

**PHYSIOTHERAPY** means short-term outpatient rehabilitation therapies (including Habilitative Services) administered by a Physician.

**POLICY YEAR** means the period of time beginning on the policy Effective Date and ending on the policy Termination Date.

**PRESCRIPTION DRUGS** mean: 1) prescription legend drugs; 2) compound medications of which at least one ingredient is a prescription legend drug; 3) any other drugs which under the applicable state or federal law may be dispensed only upon written prescription of a Physician; and 4) injectable insulin.

**REGISTERED NURSE** means a professional nurse (R.N.) who is not a member of the Insured Person's immediate family.

**SICKNESS** means sickness or disease of the Insured Person which causes loss while the Insured Person is covered under this policy. All related conditions and recurrent symptoms of the same or a similar condition will be considered one sickness. Covered Medical Expenses incurred as a result of an Injury that occurred prior to this policy's Effective Date will be considered a sickness under this policy.

**SKILLED NURSING FACILITY** means a Hospital or nursing facility that is licensed and operated as required by law.

**SOUND, NATURAL TEETH** means natural teeth, the major portion of the individual tooth is present, regardless of fillings or caps; and is not carious, abscessed, or defective.

**SUBSTANCE USE DISORDER** means a Sickness that is listed as an alcoholism and substance use disorder in the current *Diagnostic and Statistical Manual of the American Psychiatric Association*. Substance use disorder does not mean a Mental Disorder as defined in the Benefits for Biologically Based Mental Illness. The fact that a disorder is listed in the *Diagnostic and Statistical Manual of the American Psychiatric Association* does not mean that treatment of the disorder is a Covered Medical Expense. If not excluded or defined elsewhere in the policy, all alcoholism and substance use disorders are considered one Sickness.

**URGENT CARE CENTER** means a facility that provides treatment required to prevent serious deterioration of the Insured Person's health as a result of an unforeseen Sickness, Injury, or the onset of acute or severe symptoms.

**USUAL AND CUSTOMARY CHARGES** means the lesser of the actual charge or a reasonable charge which is: 1) usual and customary when compared with the charges made for similar services and supplies; and 2) made to persons having similar medical conditions in the locality where service is rendered. The Company uses data from FAIR Health, Inc. to determine Usual and Customary Charges. No payment will be made under this policy for any expenses incurred which in the judgment of the Company are in excess of Usual and Customary Charges.

**PART V**  
**EXTENSION OF BENEFITS AFTER TERMINATION**

The coverage provided under this policy ceases on the Termination Date. However, if an Insured is Hospital Confined on the Termination Date from a covered Injury or Sickness for which benefits were paid before the Termination Date, Covered Medical Expenses for such Injury or Sickness will continue to be paid as long as the condition continues but not to exceed 90 days after the Termination Date.

The total payments made in respect of the Insured for such condition both before and after the Termination Date will never exceed the Maximum Benefit.

<b>Maximum Benefit</b>	<b>No Overall Maximum Dollar Limit (Per Insured Person, Per Policy Year)</b>
<b>Deductible</b>	<b>\$200 (Per Insured Person, Per Policy Year)</b>
<b>Coinsurance Preferred Providers</b>	<b>80% except as noted below</b>
<b>Coinsurance Out-of-Network</b>	<b>50% except as noted below</b>
<b>Out-of-Pocket Maximum Preferred Providers</b>	<b>\$2,000 (Per Insured Person, Per Policy Year)</b>
<b>Out-of-Pocket Maximum Out-of-Network</b>	<b>\$4,000 (Per Insured Person, Per Policy Year)</b>

The Preferred Provider for this plan is UnitedHealthcare Options PPO.

If care is received from a Preferred Provider any Covered Medical Expenses will be paid at the Preferred Provider level of benefits. If a Preferred Provider is not available in the Network Area, benefits will be paid at the level of benefits shown as Preferred Provider benefits. Covered Medical Expense incurred at a Preferred Provider facility by an Out-of-Network Provider will be paid at the Preferred Provider level of benefits. If the Covered Medical Expense is incurred for Emergency Services when due to a Medical Emergency, benefits will be paid at the Preferred Provider level of benefits. In all other situations, reduced or lower benefits will be provided when an Out-of-Network provider is used.

**Out-of-Pocket Maximum:** After the Out-of-Pocket Maximum has been satisfied, Covered Medical Expenses will be paid at 100% for the remainder of the Policy Year subject to any benefit maximums or limits that may apply. Separate Out-of-Pocket Maximums apply to Preferred Provider and Out-of-Network benefits. Any applicable Copays or Deductibles will be applied to the Out-of-Pocket Maximum. Services that are not Covered Medical Expenses and the amount benefits are reduced for failing to comply with policy provisions or requirements do not count toward meeting the Out-of-Pocket Maximum. Even when the Out-of-Pocket Maximum has been satisfied, the Insured Person will still be responsible for Out-of-Network per service Deductibles.

Although a new Deductible will apply each Policy Year, Covered Medical Expenses incurred during the last three months of the Policy Year which are applied against the Deductible will also be applied to the Deductible for the next Policy Year and thus reducing that Policy Year's Deductible.

Outpatient Mental Illness and Biologically Based Mental Illness treatment will be paid at 100% of the negotiated rates with no Copay or Deductible when treatment is rendered at Special Providers. See Preferred Provider Information, Special Provider Arrangements (p. 14)

Usual and Customary Charges are based on data provided by FAIR Health, Inc. using the 80th percentile based on location of provider.

Coverage is available outside the U.S. at the Out-of-Network level of benefits.

The benefits payable are as defined in and subject to all provisions of this policy and any endorsements thereto. Benefits are calculated on a Policy Year basis unless otherwise specifically stated. When benefit limits apply, benefits will be paid up to the maximum benefit for each service as scheduled below. All benefit maximums are combined Preferred Provider and Out-of-Network unless otherwise specifically stated.

## UnitedHealthcare Pharmacy (UHCP) Prescription Drug Benefits

Benefits are available for Prescription Drug Products at a Network Pharmacy as specified in the policy Schedule of Benefits subject to all terms of the policy and the provisions, definitions and exclusions specified in this endorsement.

### Copayment and/or Coinsurance Amount

For Prescription Drug Products at a retail Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Network Pharmacy's Usual and Customary Fee for the Prescription Drug Product.

For Prescription Drug Products from a mail order Network Pharmacy, Insured Persons are responsible for paying the lower of:

- The applicable Copayment and/or Coinsurance; or
- The Prescription Drug Cost for that Prescription Drug Product.

### Supply Limits

Benefits for Prescription Drug Products are subject to supply limits as written by the Physician and the supply limits that are stated in the Schedule of Benefits. For a single Copayment and/or Coinsurance, the Insured may receive a Prescription Drug Product up to the stated supply limit.

When a Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31-day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

When a Prescription Drug Product is dispensed from a Mail Order Network Pharmacy, the Prescription Drug Product is subject to the supply limit stated in the Schedule of Benefits, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

Note: Some products are subject to additional supply limits based on criteria that the Company has developed, subject to its periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply or may require that a minimum amount be dispensed.

The Insured may determine whether a Prescription Drug Product has been assigned a maximum quantity level for dispensing through the Internet at [www.uhcsr.com](http://www.uhcsr.com) or by calling *Customer Service* at 1-855-828-7716.

### If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug may change, and therefore the Copayment and/or Coinsurance may change. The Insured will pay the Copayment and/or Coinsurance applicable for the tier to which the Prescription Drug is assigned.

## Specialty Prescription Drug Products

Benefits are provided for Specialty Prescription Drug Products as specified in the policy Schedule of Benefits.

If the Insured requires Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Specialty Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Specialty Prescription Drug Product from a Designated Pharmacy, the Insured will be responsible for the entire cost of the Prescription Drug Product.

Please see the Definitions Section for a full description of Specialty Prescription Drug Product and Designated Pharmacy.

The following supply limits apply to Specialty Prescription Drug Products.

As written by the Physician, up to a consecutive 31 day supply of a Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits.

When a Specialty Prescription Drug Product is packaged or designed to deliver in a manner that provides more than a consecutive 31 day supply, the Copayment and/or Coinsurance that applies will reflect the number of days dispensed.

Supply limits apply to Specialty Prescription Drug Products obtained at a Network Pharmacy, mail-order Pharmacy or a Designated Pharmacy.

### Designated Pharmacies

If the Insured requires certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, the Company may direct the Insured to a Designated Pharmacy with whom the Company has an arrangement to provide those Prescription Drug Products.

If the Insured is directed to a Designated Pharmacy and chooses not to obtain their Prescription Drug Product from a Designated Pharmacy, the Insured will be responsible for the entire cost of the Prescription Drug Product.

### Notification Requirements

Before certain Prescription Drug Products are dispensed at a Network Pharmacy, either the Insured's Physician, Insured's pharmacist or the Insured is required to notify the Company or our designee. The reason for notifying the Company is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Medical Expense.
- It is not an Experimental or Investigational or Unproven Service.

If the Company is not notified before the Prescription Drug Product is dispensed, the Insured may pay more for that Prescription Order or Refill. The Prescription Drugs requiring notification are subject to Company periodic review and modification. The Insured may determine whether a particular Prescription Drug requires notification through the Internet at [www.uhcsr.com](http://www.uhcsr.com) or by calling *Customer Service* at 1-855-828-7716.

If the Company is not notified before the Prescription Drug Product is dispensed, the Insured can ask the Company to consider reimbursement after the Insured receives the Prescription Drug Product. The Insured will be required to pay for the Prescription Drug Product at the pharmacy.

When the Insured submits a claim on this basis, the Insured may pay more because they did not notify the Company before the Prescription Drug Product was dispensed. The amount the Insured is reimbursed will be based on the Prescription Drug Cost, less the required Copayment and/or Coinsurance and any Deductible that applies.

Benefits may not be available for the Prescription Drug Product after the Company reviews the documentation provided and determines that the Prescription Drug Product is not a Covered Medical Expense or it is an Experimental or Investigational or Unproven Service.

## Limitation on Selection of Pharmacies

If the Company determines that an Insured Person may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, the Insured Person's selection of Network Pharmacies may be limited. If this happens, the Company may require the Insured to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if the Insured uses the designated single Network Pharmacy. If the Insured does not make a selection within 31 days of the date the Company notifies the Insured, the Company will select a single Network Pharmacy for the Insured.

## Coverage Policies and Guidelines

The Company's Prescription Drug List ("PDL") Management Committee is authorized to make tier placement changes on its behalf. The PDL Management Committee makes the final classification of an FDA-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether supply limits or notification requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for specific indications as compared to others, therefore; a Prescription Drug may be listed on multiple tiers according to the indication for which the Prescription Drug Product was prescribed.

The Company may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to the Insured.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Insured Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Insured Person is a determination that is made by the Insured Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, the Insured may be required to pay more or less for that Prescription Drug Product. Please access [www.uhcsr.com](http://www.uhcsr.com) through the Internet or call *Customer Service* at 1-855-828-7716 for the most up-to-date tier status.

## Rebates and Other Payments

The Company may receive rebates for certain drugs included on the Prescription Drug List. The Company does not pass these rebates on to the Insured Person, nor are they applied to the Insured's Deductible or taken into account in determining the Insured's Copayments and/or Coinsurance.

The Company, and a number of its affiliated entities, conducts business with various pharmaceutical manufacturers separate and apart from this Prescription Drug Endorsement. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this Prescription Drug Benefit. The Company is not required to pass on to the Insured, and does not pass on to the Insured, such amounts.

## Definitions

**Brand-name** means a Prescription Drug: (1) which is manufactured and marketed under a trademark or name by a specific drug manufacturer; or (2) that the Company identifies as a Brand-name product, based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "brand name" by the manufacturer, pharmacy, or an Insured's Physician may not be classified as Brand-name by the Company.

**Chemically Equivalent** means when Prescription Drug Products contain the same active ingredient.

**Designated Pharmacy** means a pharmacy that has entered into an agreement with the Company or with an organization contracting on the Company's behalf, to provide specific Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products. The fact that a pharmacy is a Network Pharmacy does not mean that it is a Designated Pharmacy.

**Experimental or Investigational Services** means medical, surgical, diagnostic, psychiatric, substance abuse or other health care services, technologies, supplies, treatments, procedures, drug therapies or devices that, at the time the Company makes a determination regarding coverage in a particular case, are determined to be any of the following:

- 1) Not approved by the U.S. Food and Drug Administration (FDA) to be lawfully marketed for the proposed use and not identified in the American Hospital Formulary Service or the United States Pharmacopoeia Dispensing Information as appropriate for the proposed use.
- 2) Subject to review and approval by any institutional review board for the proposed use. (Devices which are FDA approved under the *Humanitarian Use Device* exemption are not considered to be Experimental or Investigational.
- 3) The subject of an ongoing clinical trial that meets the definition of a Phase 1, 2 or 3 clinical trial set forth in the FDA regulations, regardless of whether the trial is actually subject to FDA oversight.

Exceptions:

- 1) Clinical trials for which benefits are specifically provided for in the policy.
- 2) If the Insured is not a participant in a qualifying clinical trial as specifically provided for in the policy, and has an Injury or Sickness that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Experimental or Investigational Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Unproven Services** means services that are not consistent with conclusions of prevailing medical research which demonstrate that the health service has a beneficial effect on health outcomes and that are not based on trials that meet either of the following designs.

- 1) Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)
- 2) Well-conducted cohort studies. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

Decisions about whether to cover new technologies, procedures and treatments will be consistent with conclusions of prevailing medical research, based on well-conducted randomized trials or cohort studies, as described.

If the Insured has a life-threatening Injury or Sickness (one that is likely to cause death within one year of the request for treatment) the Company may, in its discretion, consider an otherwise Unproven Service to be a Covered Medical Expense for that Injury or Sickness. Prior to such a consideration, the Company must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that Sickness or Injury.

**Generic** means a Prescription Drug Product: (1) that is Chemically Equivalent to a Brand-name drug; or (2) that the Company identifies as a Generic product based on available data resources including, but not limited to, First DataBank, that classify drugs as either brand or generic based on a number of factors. The Insured should know that all products identified as a "generic" by the manufacturer, pharmacy or Insured's Physician may not be classified as a Generic by the Company.

**Network Pharmacy** means a pharmacy that has:

- Entered into an agreement with the Company or an organization contracting on our behalf to provide Prescription Drug Products to Insured Persons.
- Agreed to accept specified reimbursement rates for dispensing Prescription Drug Products.
- Been designated by the Company as a Network Pharmacy.

**New Prescription Drug Product** means a Prescription Drug Product or new dosage form of a previously approved Prescription Drug Product, for the period of time starting on the date the Prescription Drug Product or new dosage form is approved by the U.S. Food and Drug Administration (FDA) and ending on the earlier of the following dates:

- The date it is assigned to a tier by our PDL Management Committee.
- December 31<sup>st</sup> of the following calendar year.

**Prescription Drug or Prescription Drug Product** means a medication, product or device that has been approved by the U.S. Food and Drug Administration and that can, under federal or state law, be dispensed only pursuant to a Prescription Order or Refill. A Prescription Drug Product includes a medication that, due to its characteristics, is appropriate for self-administration or administration by a non-skilled caregiver. For the purpose of the benefits under the policy, this definition includes insulin.

**Prescription Drug Cost** means the rate the Company has agreed to pay the Network Pharmacies, including a dispensing fee and any applicable sales tax, for a Prescription Drug Product dispensed at a Network Pharmacy.

**Prescription Drug List** means a list that categorizes into tiers medications, products or devices that have been approved by the U.S. Food and Drug Administration. This list is subject to the Company's periodic review and modification (generally quarterly, but no more than six times per calendar year). The Insured may determine to which tier a particular Prescription Drug Product has been assigned through the Internet at [www.uhcsr.com](http://www.uhcsr.com) or call *Customer Service* at 1-855-828-7716.

**Prescription Drug List Management Committee** means the committee that the Company designates for, among other responsibilities, classifying Prescription Drugs into specific tiers.

**Specialty Prescription Drug Product** means Prescription Drug Products that are generally high cost, self-injectable biotechnology drugs used to treat patients with certain illnesses. Insured Persons may access a complete list of Specialty Prescription Drug Products through the Internet at [www.uhcsr.com](http://www.uhcsr.com) or call *Customer Service* at 1-855-828-7716.

**Therapeutically Equivalent** means when Prescription Drugs can be expected to produce essentially the same therapeutic outcome and toxicity.

**Usual and Customary Fee** means the usual fee that a pharmacy charges individuals for a Prescription Drug Product without reference to reimbursement to the pharmacy by third parties. The Usual and Customary Fee includes a dispensing fee and any applicable sales tax.

## **Additional Exclusions**

In addition to the policy Exclusions and Limitations, the following Exclusions apply:

1. Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which exceeds the supply limit.
2. Coverage for Prescription Drug Products for the amount dispensed (days' supply or quantity limit) which is less than the minimum supply limit.
3. Experimental or Investigational Services or Unproven Services and medications; medications used for experimental indications and/or dosage regimens determined by the Company to be experimental, investigational or unproven.
4. Prescription Drug Products, including New Prescription Drug Products or new dosage forms, that the Company determines do not meet the definition of a Covered Medical Expense.
5. Certain New Prescription Drug Products and/or new dosage forms until the date they are reviewed and assigned to a tier by our PDL Management Committee.
6. Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration and requires a Prescription Order or Refill. Compounded drugs that are available as a similar commercially available Prescription Drug Product. Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are assigned to Tier-3.
7. Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless the Company has designated the over-the-counter medication as eligible for coverage as if it were a Prescription Drug Product and it is obtained with a Prescription Order or Refill from a Physician. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that the Company has determined are Therapeutically Equivalent to an over-the-counter drug. Such determinations may be made up to six times during a calendar year, and the Company may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.
8. Any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease, even when used for the treatment of Sickness or Injury, except as required by state mandate.
9. A Prescription Drug Product that contains (an) active ingredient(s) available in and Therapeutically Equivalent to another covered Prescription Drug Product.
10. A Prescription Drug Product that contains (an) active ingredient(s) which is (are) a modified version of and Therapeutically Equivalent to another covered Prescription Drug Product.

# POLICY ENDORSEMENT

## Pediatric Dental Services Benefits

Benefits are provided under this endorsement for Covered Dental Services, as described below, for Insured Persons under the age of 19. Benefits under this endorsement terminate on the earlier of: 1) the date the Insured Person reaches the age of 19; or 2) the date the Insured Person's coverage under the policy terminates.

### Section 1: Accessing Pediatric Dental Services

#### Network and Non-Network Benefits

**Network Benefits** - these benefits apply when the Insured Person chooses to obtain Covered Dental Services from a Network Dental Provider. Insured Persons generally are required to pay less to the Network Dental Provider than they would pay for services from a non-Network provider. Network Benefits are determined based on the contracted fee for each Covered Dental Service. In no event, will the Insured Person be required to pay a Network Dental Provider an amount for a Covered Dental Service in excess of the contracted fee.

In order for Covered Dental Services to be paid as Network Benefits, the Insured must obtain all Covered Dental Services directly from or through a Network Dental Provider.

Insured Persons must always verify the participation status of a provider prior to seeking services. From time to time, the participation status of a provider may change. Participation status can be verified by calling the Company and/or the provider. If necessary, the Company can provide assistance in referring the Insured Person to a Network Dental Provider.

The Company will make a Directory of Network Dental Providers available to the Insured Person. The Insured Person can also call Customer Service at 877-816-3596 to determine which providers participate in the Network. The telephone number for Customer Service is also on the Insured's ID card.

**Non-Network Benefits** - these Benefits apply when Covered Dental Services are obtained from non-Network Dental Providers. Insured Persons generally are required to pay more to the provider than for Network Benefits. Non-Network Benefits are determined based on the Usual and Customary Fee for similarly situated Network Dental Providers for each Covered Dental Service. The actual charge made by a non-Network Dental Provider for a Covered Dental Service may exceed the Usual and Customary Fee. As a result, an Insured Person may be required to pay a non-Network Dental Provider an amount for a Covered Dental Service in excess of the Usual and Customary Fee. In addition, when Covered Dental Services are obtained from non-Network Dental Providers, the Insured must file a claim with the Company to be reimbursed for Eligible Dental Expenses.

#### Covered Dental Services

Benefits are eligible for Covered Dental Services listed in this endorsement if such Dental Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this endorsement.

## **Pre-Treatment Estimate**

If the charge for a Dental Service is expected to exceed \$300 or if a dental exam reveals the need for fixed bridgework, the Insured Person may notify the Company of such treatment before treatment begins and receive a pre-treatment estimate. To receive a pre-treatment estimate, the Insured Person or Dental Provider should send a notice to the Company, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide the Company with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

The Company will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a benefit based on the less costly procedure.

A pre-treatment estimate of benefits is not an agreement to pay for expenses. This procedure lets the Insured Person know in advance approximately what portion of the expenses will be considered for payment.

## **Pre-Authorization**

Pre-authorization is required for all orthodontic services. The Insured Person should speak to the Dental Provider about obtaining a pre-authorization before Dental Services are rendered. If the Insured Person does not obtain a pre-authorization, the Company has a right to deny the claim for failure to comply with this requirement.

If a treatment plan is not submitted, the Insured Person will be responsible for payment of any dental treatment not approved by the Company. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be assigned a Benefit based on the less costly procedure.

## **Section 2: Benefits for Pediatric Dental Services**

Benefits are provided for the Dental Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be assigned a Benefit based on the least costly procedure.
- D. Not excluded as described in Section 3: Pediatric Dental Services exclusions of this endorsement.

Benefits for Covered Dental Services are subject to satisfaction of the Dental Services Deductible.

### **Network Benefits:**

Benefits for Eligible Dental Expenses are determined as a percentage of the negotiated contract fee between the Company and the provider rather than a percentage of the provider's billed charge. The Company's negotiated rate with the provider is ordinarily lower than the provider's billed charge.

A Network provider cannot charge the Insured Person or the Company for any service or supply that is not Necessary as determined by the Company. If the Insured Person agrees to receive a service or supply that is not Necessary, the Network provider may charge the Insured. However, these charges will not be considered Covered Dental Services and benefits will not be payable.

**Non-Network Benefits:**

Benefits for Eligible Dental Expenses from non-Network providers are determined as a percentage of Usual and Customary Fees. The Insured Person must pay the amount by which the non-Network provider's billed charge exceeds the Eligible Dental Expense.

**Dental Services Deductible**

Benefits for pediatric Dental Services provided under this endorsement are not subject to the policy Deductible stated in the policy Schedule of Benefits. Instead, benefits for pediatric Dental Services are subject to a separate Dental Services Deductible. For any combination of Network and Non-Network Benefits, the Dental Services Deductible per Policy Year is \$500 per Insured Person.

**Benefits**

Dental Services Deductibles are calculated on a Policy Year basis.

When Benefit limits apply, the limit stated refers to any combination of Network Benefits and Non-Network Benefits unless otherwise specifically stated.

Benefit limits are calculated on a Policy Year basis unless otherwise specifically stated.

Except for a request for an Expedited External Review, the request for an External Review should be made in writing to the Company and shall include a completed External Review Request form as required by the Colorado Division of Insurance, and a signed consent authorizing the Company to disclose Protected Health Information pertinent to the External Review. The date of receipt shall be calculated to be no less than 3 calendar days after the date the notice is postmarked by the Company.   - c. the Insured Person has provided all the information and forms necessary to process the request; and

Upon the reassignment of the IRO, the Commissioner shall notify the Company electronically or by facsimile of the name and address of the new IRO. The Commissioner will also notify the Insured Person and, if applicable, the Designated Representative in writing of the Commissioner's determination of the potential conflict of interest, and the name and address of the new assigned IRO.

  - a. The Company shall, within 5 business days, provide the IRO with any documents and information the Company considered in making the Adverse Determination or Final Adverse Determination, including an index of all submitted documents. The Company's failure to provide the documents and information will not delay the SER.

The Company, upon request from the Insured Person, shall provide all relevant information supplied to the IRO that is not confidential or privileged under state or federal law concerning the external review.
  - c. If the Company fails to provide the documents and information within the required time frame, the IRO may terminate the review and may reverse the Adverse Determination or Final Adverse Determination. 6. The IRO shall review all written information and documents submitted by the Company and the Insured Person or the Designated Representative.
7. If the IRO receives any additional information from the Insured Person or the Designated Representative, the IRO must forward the information to the Company within 1 business day.

  - b. The SER may only be terminated if the Company decides to reverse its Adverse Determination or Final Adverse Determination and provide coverage for the service that is the subject of the SER.
  - c. If the Company reverses its decision, the Company shall provide written notification within 1 business day to the Commissioner, the Insured Person, the Designated Representative, if applicable, and the IRO. Upon written notice from the Company, the IRO will terminate the SER.

  - b. The IRO shall immediately notify the Insured Person and the Designated Representative, if applicable, that the IRO will not proceed with EER until the Company completes the EIR and the Insured Person's grievance remains unresolved at the end of the EIR process.
